

I have really enjoyed the course and am so glad to have chosen to study with Cambridge Marketing College. Please pass on my thanks to Charles, Neil and Terry who have been a great source of guidance, insight and encouragement.

Phil Brown, Digital Marketing Delegate

I really enjoyed your lecture and found it very helpful. Hope to stay in touch in future. One of the great things about CMC and now LinkedIn is that people with lots of experience in the marketing profession get connected with those at the beginning of their professional paths.

Pavlin Penchev , Digital Diploma Delegate

I found the information you have prepared for Cambridge Marketing College really valuable. The material is written in a fresh, easy to understand way which really makes you think about how best to apply the knowledge within your own company. It is highlighted, informative and the format makes it a pleasure to read.

Justyna Zmorzynska, CAM Digital Delegate

Thank you so much for these slides and for all the sessions this term – it has been such a pleasure to attend and I have learnt so much. You are a very interesting and dynamic teacher and I am very grateful for all your work and investment in our class! Many thanks for such a great experience.

Lucy Beauchamp, Diploma in Professional Marketing Evening Class Delegate

I am really enjoying the course, I definitely wouldn't have got this new job if it wasn't for what I have learnt so far so I am finding it really valuable.

Sophie Fryer, CIM Diploma in Professional Marketing Delegate

I just wanted to say thank you for all the support you gave whilst doing the mastering metrics course, I really appreciated it and learnt a lot along with building my confidence for marketing overall. Thank you for an enjoyable revision day.

I really enjoyed all of the mastering metrics classes and felt that I learnt a huge amount. Your classes were really interesting and you are definitely a great source of knowledge! Thanks again for all your help, I am also keen to stay in touch.

Diploma Evening Class Delegates

I wanted to express a very special thanks to the College... Soon after I started working in marketing I was encouraged to begin studying and by recommendation I joined Cambridge Marketing College. With little knowledge, but plenty of enthusiasm I started my professional development at the CIM Professional Certificate level. It was challenging embarking on a new career path whilst also making adequate time to study, but as my studies progressed as did my capabilities in my role. After completing the Certificate I was promoted at work and decided to return to CMC to start studying towards the CIM Professional Diploma, providing me with both the practical skills and the qualification to further advance in my career. This was without doubt the biggest challenge I have ever set myself, but, I was determined to see it through to the end. Although studying towards the Diploma whilst working was

indeed tough, the tutors always went out of their way to help as much as they possibly could, and for that I was exceptionally grateful. Along with family and friends, they gave me the strength and support that I needed to see it through and complete the qualification. I graduated with the class of 2014 and it was the proudest day of my life. As a result of all of the hard work and persistence and the continued help and support of the college, I am now working as a Marketing Manager and I love what I do. None of this would have been possible without CMC, so thank you all from the bottom of my heart. When there are less pressures at work I'll be back for my Digital Diploma, but for now I'll just keep recommending your services as I already have for a number of your current students, and as I am grateful that someone did for me.

Laura Darwin, Certificate and Diploma Delegate

Being from a legal background with very little theoretical knowledge of marketing I have found the Professional Certificate an excellent and crucial input in my marketing manager role: it gave me the theory I was lacking. I felt more grounded, more confident in my knowledge and it has given me an extra strategic edge in my role. Working in digital marketing, I have found the qualification very useful in mastering the real foundations of marketing. The experience was rewarding and I have liked learning and exchanging ideas with people from other marketing backgrounds. The tutors went above and beyond to help us in the preparation of exams and assignments, and overall despite the small sacrifice of my time, I would recommend this for all marketers.

Evodie Fleury, Certificate in Marketing Edinburgh Delegate

I just want to say a really big thank you to you and the rest of the tutors at the college for your support over the years as I worked my way through the Postgraduate Diploma in Marketing. I was very tearful when I discovered I passed the final MLP module with 72%, your feedback and support during the times that I was panicking was fantastic - Thank you! The college has certainly made my distant learning experience a great one!

Gurminder Badan, Postgraduate Diploma Distance Learning Delegate

Thanks to the Cambridge Marketing College, and their exceptional revision and study material, I was able to pass my Introductory Certificate in Marketing. My thanks go out to their expertise and unrivalled support that helped me get forward in my career. I would definitely recommend their services.

Liam F Green, Introductory Certificate Delegate

I have just submitted my Managing Marketing assignment to the College and wanted to put on record how great my tutor, Jaspar Robertson, has been over the last few months. His approach was pragmatic, supportive and motivating - everything I could have hoped for being so far away from home.

Jenny Graham, Distance Learning Professional Diploma Delegate studying in Canada

Very good quality of teaching - thank you!

Hannah Dunsdon, Professional Certificate Delegate in Bristol

The study materials and online resources were exceptional, and were one of the main reasons I chose to study with CMC. I particularly enjoyed the podcasts and the anecdotal examples that the lecturers shared. I would definitely encourage any marketers who are thinking about studying for their CIM qualification to consider Cambridge Marketing College.

Kerry Proctor, Marketing Campaign Manager, Sage UK, Professional and Postgraduate Diploma Delegate
